Terms and Conditions

Program: **MCS Bank** offers their customers mobile access to their account information (e.g., for checking balances and last transactions) over SMS, as well as the option to set up alerts for their accounts (e.g., low balance alerts). Enrollment requires identification of the user's banking relationship as well as providing a mobile phone number. The mobile phone number's verification is done by the user receiving an SMS message with a verification code which they will have to enter on the website. Additionally, customers may select the type of alerts and other preferences which will determine, together with their account data, the frequency of alerts delivered to the customer. This program will be ongoing. **Message & Data rates may apply.** Customers will be allowed to opt out of this program at any time.

Questions: You can contact us at 717-248-3000, or send a text message with the word "**HELP**" to this number: **48179**. We can answer any questions you have about the program.

To Stop the program: To stop the messages from coming to your phone, you can opt out of the program via SMS. Just send a text that says "**STOP**" to this number: **25215**. You'll receive a one-time opt-out confirmation text message. After that, you will not receive any future messages.

Fingerprint Login for Mobile Banking

Fingerprint Login is an optional fingerprint sign-in method for MCS Bank Mobile Banking that may be available for certain Android® mobile devices that have a built-in fingerprint scanner. To use Fingerprint Login, you will need to first save your fingerprint on your mobile device (for more help with fingerprint scanning, contact the manufacturer that supports your mobile device). Fingerprints are stored on your device only and MCS Bank never sees or stores your fingerprint information. You acknowledge that by enabling Fingerprint Login, you will allow anyone who has a fingerprint stored on your device access to your personal and payment account information within MCS Bank Mobile Banking. MCS Bank reserves the right to suspend or disable this feature at any time. Fingerprint Login can only be associated with one Mobile Banking username at a time on a device. If your device does not recognize your fingerprint, you can sign in using your standard login credentials (e.g. password). To use Fingerprint Login for Mobile Banking on multiple devices, you will need to set it up for each device. You can enable or disable Fingerprint Login anytime within MCS Bank Mobile Banking.
